 - A. Continue with the agreement;
 - B. Request goods be returned at their cost;

The consignor may at any time after 90 days, retrieve their merchandise, at their expense. The consignment agreement becomes effective from the date merchandise is posted on the website. ReSkate will endeavor to have all items available within 5 days of receipt.

For the items I am consigning:

___ I prefer to set the price I want.

___ I prefer to let ReSkate set the price

If requested, ReSkate will assist in determining the sales price based on the amount the consignor wishes to specify. The sales price will be reviewed periodically to determine if market will benefit from a price reduction. The consignor will be notified by email of any sales price reductions pending and will be given the opportunity (after 90 days) to oppose or retrieve their items.

On occasion ReSkate will create promotions including but not limited to free shipping, 10% off coupon or other to help in the sale. The promo cost will be deducted from the sale of the merchandise before the percentage between consignor and ReSkate is calculated.

I (consignor) acknowledges that I am consigning all items at my own risk and ReSkate is not responsible for any loss due to fire, breakage, theft or any unforeseen cost.
